

This section provides instructions for using the measuring tape. On the left, a large black arrow points to the left, with the text 'SIZING LINE' and 'Your head size will align at this point.' to its right. On the right side, the text reads: 'INSTRUCTIONS Cut measuring tape along edges; overlap #1 tabs; overlap #2 tabs. Then wrap tape firmly around your head just above the eyes and ears. A correct fitting helmet should be comfortable, with even pressure around the head, and should be worn approximately 1.5 – 2.5 cm (1 inch) above the eyebrows.' A black tab labeled '2' is on the right edge.
